KONUSFIRE 4X32 – COMPACT RIFLE SCOPE

Code: #7350

THIS COMPACT RIFLE SCOPE IS DESIGNED AS A GREAT CHOICE FOR SHOOTERS WHO ARE LOOKING FOR AN INEXPENSIVE YET DEPENDABLE INSTRUMENT, AS WELL AS THEY ARE SUPREMELY SUITED AS "FIRST SCOPE" FOR EVERY BEGINNER SPORTSMAN.

A compact rifle scope is the perfect choice for beginners in the world of **target shooting competitions**.

These rifle optics are very compact, generally their length measure about 33 centimeters. They are very light in weighting 1.000 grams and with lens diameter size between 32 and 50 mm.

The **riflescopes** that falls in this segment, are usually equipped with tactical turrets as our Konusfire has. Even though these optics are small and light, they have **tactical capabilities**.

That's why often you can find models of firearms mounted with compact tactical riflescopes on.

The Konusfire compact rifle scope is suited perfectly with two different groups of **competition and tactical rifles**:

- **Semiautomatic rifles** with calibers like .308 Win., and 6.5 Creedmoor
- Light **tactical bolt action rifles**, in .308 Win., 6.5 Creedmoor or similar caliber

It is important to keep the weight of the rifle as light as possible, that's why these type of rifles are so compact. These rifles are made to shooting at a medium range of distance. The use of these rifles for **long distance shooting** is rare.

Among the range of shooting competitions, **Rimfire Competition** is one the fastest growing segments of **precision shooting**. The relatively low price of admission is at least the reason why, with **competitive rifles** and **optics** often costing thousands less than their **centerfire** counterparts.

That's why we have produced this compact rifle scope that combines a classic 4×32 **scope configuration** with an aggressive design and cutting edge manufacturing.

This riflescope perfectly fits for rimfire competitions. It is an excellent choice for competitions and **hunting deers** and white tails. It offers enough maximum **magnification** to hit prairie dogs at a quarter mile and enough field of view on low power for fast moving rodents up close.

For the price, the optical clarity, light transmission, and ergonomics of this compact rifle scope are second to none of the other hunting and competitions scopes on the market.

Constructed, for rimfire competitions, in a one-piece tube with a minimal number of moving parts, this **scope** is stout. It's got just enough magnification for **precise shots** to 250 yards and it adds minimal bulk to your favorite **walking rifle**.

The **lenses** are so clear for a **scope** at this price. Waterproof, shock-resistant, and fog-proof It's nitrogen purged against internal fogging. This compact rifle scope is positioned as an entry level but for the money, this is one of the best optic on the market.

Modern styling coupled with so many years of Konus **engineering** and manufacturing aim of perfection makes for a clear, bright, **distortion-free** riflescope that you'll use forever.

Specifications

- 4X POWER
- 32MM OBJECTIVE DIAMETER
- 1/4 M.O.A. **ADJUSTABLE TURRETS**
- 30/30 RETICLE

- **COATED OPTICS**
- WITH .22 DOVETAIL MOUNTING RINGS INCLUDED

Technical Data

Magnification for Ø Objective: 4×32

Reticle: 30/30

Field of view at 100m/yds: 23.7ft/9.1m

Weight: 320gr /11.2oz

Length:253mm / 9.96"

Eye Relief: 76mm / 3"

Exit pupil: 8mm

Click value at 100m/yds: 1/4 M.O.A. (7.25 mm)

Adjusting Range at 100m/yds: 1.75m / 69"

Mounting Length: 115mm / 4.52"
